

## NAAMP data & data download changes

This document records changes to data and the data download portal for NAAMP.

### May 2006

Those who downloaded data prior to May 2006 may want to download the dataset again, as data download query changed to correct some omissions. Prior to this update, data output did not include surveys where no frogs were heard (null data). Also prior to this change, data output did not include surveys conducted by observers who had subsequently been marked as inactive (i.e. those no longer participating in the survey).

Virginia data updated to change status of some records previously marked as suspect species data; suspect records are not included in data download. Thus these changes make some additional records available for download.

- Sampling Window 1
  - *Bufo americanus* – 36 surveys
- Sampling Window 2
  - *Acris crepitans/gryllus* (unknown cricket frog spp.) – 1 survey
  - *Hyla chrysoscelis* – 8 surveys
  - *Hyla chrysoscelis/versicolor* (unknown gray treefrog spp.) – 2 surveys
  - *Hyla versicolor* – 8 surveys
  - *Pseudacris brachyphona* – 5 surveys
  - *Pseudacris brimleyi* – 4 surveys
  - *Pseudacris crucifer* – 18 surveys
  - *Pseudacris feriarum* – 9 surveys
  - *Pseudacris nigrita* – 1 survey
  - *Rana clamitans* – 17 surveys
  - *Rana sphenocephala* – 3 surveys
  - *Rana palustris* – 4 surveys
- Sampling Window 3
  - *Acris crepitans* – 5 surveys
  - *Acris gryllus* – 1 survey
  - *Bufo americanus* – 4 surveys
  - *Bufo fowleri* – 9 surveys
  - *Bufo quercicus* – 1 survey
  - *Bufo terrestris* – 1 survey
  - *Hyla femoralis* – 1 survey
  - *Pseudacris brimleyi* – 1 survey
  - *Pseudacris crucifer* – 8 surveys
  - *Pseudacris feriarum* – 6 surveys
  - *Pseudacris ocularis* – 1 survey
  - *Rana catesbeiana* – 14 surveys
  - *Rana clamitans* – 20 surveys
  - *Rana palustris* – 5 surveys
  - *Rana sphenocephala* – 3 surveys
  - *Scaphiopus holbrookii* – 1 survey
